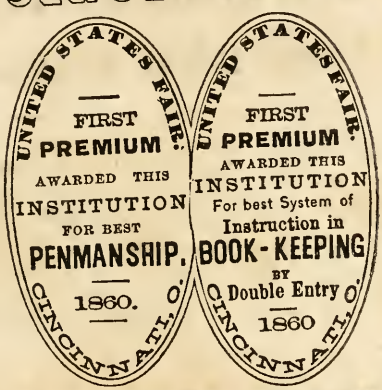
GUNDRY'S

MERCANTILE COLLEGE,

(Incorporated 1848.)

Corner Fifth and Walnut Streets,

CINCINNATI.



THIS INSTITUTION

Affords superior facilities for imparting a practical and thorough

BUSINESS EDUCATION

GUNDRY'S NEW AND ORIGINAL SYSTEM

Of Instruction in DOUBLE ENTRY BOOK-KEEPING, printed and copy-righted, compiled by Principal, expressly for this College, being the result of twenty years' experience, as an Account and Teacher.

It has been uniformly conceded by both Accountants and Commercial INSTRUCTORS, that system of Teaching Accounts is the best extant, and will save to the student, weeks of time labor, over all other methods.

Its great superiority must at once be apparent, over the "round-about" tedious and u tisfactory process of learning from written cards or manuscripts, without rules or explanations pursued in other similar schools.

It received the First Premium at the late United States Fair, and a complimentary notice f a committee of practical Accountants, to whom it was referred.

THE COURSE OF STUDY

Embraces, in addition to a practical and thorough course of Instruction in Double Entry B Keeping, Calculations, Correspondence, Penmanship, Commercial Lectures, and, in short, what may properly belong to a BUSINESS EDUCATION.

MERCANTILE ARITHMETIC.

A new system of Mercantile Arithmetic has been recently compiled by the Principal, expr for this College, by which a thorough knowlege of Business Calculations, is obtained, in conne with Book-Keeping.

TERMS for Full Course, Forty Dollars.

PREFACE.

The present is the TWELFTH annual issue of WILLIAMS' CINCINNATI DIRECTORY, and in presenting the Volume to the public, the Compiler embraces the opportunity to return his thanks to subscribers to the work, for the patronage extended by them, and also to citizens generally for the kind and courteous manner in which they have co-operated with the Publisher, and furnished the information necessary for the preparation of the Directory.

The alteration of the time of the publication of our Volume from the month of January to June, was made by the Publisher under the impresssion that an unusual number of changes in the business locations and residences of our citizens would occur at the commencement of the present Spring. We are now satisfied that we have been enabled by the postponement to make our work much more useful to the public, as the new locations and residences are, in almost every case, noted in the present volume.

Although we can truly state that the City has been thoroughly and faithfully canvassed, square by square, in every part, to obtain the information for the present volume, and that great care and diligence have been exercised to detect errors and prevent omission, yet we can not claim that the work is perfect. Experience has taught us that in the collection, arrangement, and printing of FIFTY or SIXTY thousand names, with numbers attached, errors and omissions will occur in despite of the efforts of the most careful and scrutinizing persons. But the Compiler feels well assured that in the present instance he has as fully overcome these difficulties, and rendered the Directory as reliable as it is practicable to make a work of the kind, and confidently believes that the present volume will be found by our citizens to contain as few mistakes as the Directory of any City of the same population in the United States.

In addition to the usual matter contained in our Directory, we have introduced in this issue a "*Railroad and Transportation Department*," containing information, which will be found of interest to the public. It was prepared for us by S. W. CHAPMAN, Esq., to whom we tender our thanks for the favor conferred.

The "List of United States Post Offices," which we publish in the present volume, although not satisfactory to ourselves, is the best we could prepare under existing circumstances. The names of Post Offices in the Southern States are retained, as postal communication has already been renewed at various points South, and will undoubtedly be soon extended to all the offices where it has been temporarily suspended, and in that case, although somewhat imperfect, the list will be of use to our citizens.

It is important that all persons using the Directory should consult our list of "*Alterations and Removals*," as the latest changes are therein noted, and the *names of all citizens inserted*, that could not be obtained early enough to be arranged in their proper places in the body of the work.

We return our thanks to the Press of the City for notices given during the canvass, and shall aim in each succeeding issue to make the CINCINNATI DIRECTORY more worthy of commendation.

Cincinnati City Guide.

Street Directory.

The STREET DIRECTORY is simply an ALPHABETICAL arrangement of Streets, Alleys, etc., with a sufficient portion of corner numbers attached to such as are of any considerable importance, for the purpose of aiding those who refer to it in becoming familliar with the system of numbering. It will be found by citizens as well as strangers to be a practical guide to the different parts of the City, as far as it has yet been numbered.

EXPLANATIONS.—On streets commencing at and running directly from the River, or others running in the same direction, the ODD numbers are on the West, and the EVEN on the East side of the street, commencing at the River or such other point as the street may commence. On streets crossing Main, the ODD numbers are on the South, and the EVEN on the North side of the street, commencing at and running East and West from Main, thus dividing each into two distinct streets, distinguished by prefixing EAST or WEST to the name. All others running in a similar direction are numbered in the same manner, commencing at the point nearest to Main and running East or West according to the direction of the same. In a very few instances two streets will be found to have the same name, one of them generally in the suburbs, not numbered and of but little consequence—to such A* is prefixed.

In designating the CORNER numbers we have used ODD numbers entirely, except where streets commence at or end upon the side where the EVEN numbers belong.

RULES AND REGULATIONS GOVERNING THE USE OF WATER FROM THE CITY WATER WORKS.

1st. All officers and employees to have free access at all reasonable hours to premises where water is used.

2d. Hydrants, Plugs, Stop Boxes, Hose, and all other attachments must be kept in complete repair by the owner or occupant.

3d. The following ABUSES are absolutely prohibited, to wit: 1. Permitting or allowing the water to be used for any other purpose than those named in the bill. 2. Sprinkling Gardens, Streets, or Sidewalks, or washing Carriages, Omnibuses, Cars, or other vehicles with hose, without a special permit obtained and paid for at the office; and in no case will hose be allowed for the above uses without flows or nozzles, when used for washing carriages and other vehicles greater than one-eighth of an inch, and for any other purpose greater than one-quarter of an inch diameter of circular opening, or their equivalents. 3. Permitting leaks. 4. Allowing water to flow unnecessarily while washing pavements and for similar purposes.

4th. No person, without a written permit from the proper officer, is allowed to turn a public or private stop-cock.

5th. All service pipe must be laid at least three feet below the surface, and all pipe outside the public stop, located on

the upper level of the city must be "STRONG," and all on the lower level must be "EXTRA STRONG."

6th. In all cases where more than one family or other consumer is supplied from a pipe or pipes governed by one stop, some one person must become responsible for the payment of all the bills and the keeping in good repair all pipes, hydrants, etc.

7th. When cisterns are so located as to supply separate premises, and may be filled from a hydrant, water rent must be paid for all families or other consumers having access to said cistern.

8th. Cisterns located on premises where there is no hydrant, must not be filled from the hydrant in any case.

9th. Hydrants must not be located so as to be exposed to use by non-paying consumers, and all hydrants so situated must be removed to some secure location on notice, or the water turned off.

PENALTIES.

Refusal or neglect to conform to the above rules and regulations subjects the parties to have the water turned off—to the forfeiture of the water rent—the payment of penalties varying from fifty cents to five dollars, and to prosecution and fine in the Police Court.

Persons using water from the Works, and any other source, as canals, wells, etc., to be charged full rates for their establishments, except when the amount taken from the Works is determined by meter.

REGULATIONS OF THE BOARD OF EXAMINERS OF COMMON SCHOOLS.

The Board consists of seven members, four of whom constitute a quorum at any regular and called meetings.

The regular meetings are held at the office of Public Schools, City Buildings, on the 1st Thursday of each month, except July and August, at 4½ o'clock P. M * Extra meetings may be called by any three members of the Board, who, in signing the call for such meeting, are understood as pledging themselves to attend it.

The Board grants four grades of Certificates, denominated respectively "Male Principal's Certificate," "Male Assistant's Certificate," "Female Assistant's Certificate, No. 1," and "Female Assistant's Certificate, No. 2."

Candidates for "Male Principal's Certificate" are examined in Natural Philosophy, Constitution of the U. States, Ancient and Modern History. Anatomy and Physiology, Chemistry, Astronomy, Geometry, Plane Trigonometry and Mensuration, and Penmanship.

Candidates for a "Male Assistant's Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, Natural Philosophy, Constitution of the United States, and Penmanship.

Candidates for a "Female Principal's Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History. Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, Natural Philosophy. Constitution of the United States. Ancient and Modern History, Anatomy and Physiology. Chemistry, Astronomy and Penmanship.

Candidates for a "Female Assistant's Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Theory and Practice of Teaching, and Penmanship.

The number opposite to each branch, in the column on the right of the list of studies on the Certificates issued, measures the result of the examination, three being the maximum. Less than two in either English Grammar, Geography, Mental Arithmetic or Written Arithmetic, is a failure. Unless the Spelling is correct, it is marked 0.

The Board has discontinued the Primary Certificate.

A specimen of the handwriting, with a record of the character of the examination of each individual, is preserved in a volume for the use of the Board of Trustees and Visitors.

Candidates must leave with the Clerk of the Board, at least three days before the monthly meeting, a certificate of good moral character, and a written statement of the grade of certificate sought, together with a declaration that they are eighteen years of age (or seventeen, if graduates from the High School, or with similar attainments), and that they design teaching in the Public Schools of Cincinnati, if found

*Candidates are examined in Arithmetic at three o'clock, P. M.

qualified. Candidates are requested to leave their address, and a statement of any experience they may have had in teaching.

Candidates shall be examined in the absence of all spectators, save the Trustees and Visitors of the Public Schools.

Candidates shall not be examined who are not present punctually at the appointed hour. None shall be admitted to a second examination for the same grade of Certificate, or have one already granted improved, till after the expiration of six months.

Communications to the Board to be left with the Clerk, at the Office of Public Schools, in the Mechanics' Institute Building, Sixth street, a few doors west of Vine street, between the hours of 9 A. M. and 12 M., and between the hours of 1 P. M. and 4 P. M.

No Assistant's Certificate shall be issued without an aggregate average of two-thirds of the full number of marks, and no Principal's Certificate shall be issued without an aggregate average of two-thirds of the full number of marks of the additional branches.—*Adopted June 2d*, 1859.

Rules and Regulations

OF THE OHIO SCHOOL LIBRARY OF THE CITY OF CINCINNATI.

ARTICLE 1. The Reading-room shall be open from nine o'clock in the morning to nine o'clock in the evening of all secular days throughout the year, except those days which by custom are regarded as holidays, and to these shall be added any special holidays which may, from time to time, be recognized as such by the Board of Trustees and Visitors of Common Schools of Cincinnati.

ART. 2. All inhabitants of Cincinnati, above the age of sixteen years, of respectable character, and of such orderly conduct and condition as to not interfere with the occupations and comforts of others, shall have free access to the Reading-room during all its regular hours, first signing a promise that they will observe all the existing Rules and Regulations, and all that may be subsequently prescribed by due authority; provided always, that Minors shall bring certificates from their parents and guardians, in a form furnished by the Librarian, setting forth that they are persons who ought to enjoy the privileges of the Public Reading-room, and for whose conduct, while there, such parents or guardians become responsible,

ART, 3. All books belonging to the Library may, at the discretion of the Librarian, be used in the Reading-room—a discretion he is required by the Trustees to exercise, especially in the case of minors.

ART. 4 Every person entitled to use in the Reading-room the books of the Library, shall be furnished by the Librarian with a printed card, on which such person shall designate the particular book asked for, by entering in blanks left for that purpose, the number of the shelf on which it stands, the number of the book on the shelf, and if it be part of a set, the number of the particular volume—all which numbers can be easily ascertained from the printed copies of the catalogue, always on the table of the Reading-room; and this card, which must be presented to the Librarian whenever a book is asked for to be used in the Reading-room, will be retained by him so long as its owner retains the book: but no book, so received, shall, for any reason whatever, be removed from the Reading-room by the person receiving it.

ART 5. Every person who may visit the Reading-room, shall return each of the pamphlets and periodicals, such person may have used, to its proper place, and any books to the Librarian.

ART. 6. Any person abusing the privileges of the Reading-room by unbecoming conduct there, or by the violation of any of its regulations, shall be at once reported by the Librarian to the Library Committee, and by them excluded from its benefits for a time, or permanently, according to the nature and degree of the delinquency or default: but in case of any gross offense, the Librarian shall act summarily in the matter, and cause the offender to be at once excluded from the room, reporting the case to the Library Committee as soon as possible, in writing, for their future action, if any be required.

ART. 7. An alphabetical list of all the persons enjoying the Reading-room shall be kept by the Librarian, the residence of each person being noted in it.

CINCINNATI, OHIO.

LANE & BODLEY'S

CIRCULAR SAW MILL,

(PATENTED JULY 7, 1858, AND JULY 26, 1859.)

Combines many improvements of detail and convenience found in no other mill, among which may be enumerated the Simultaneous and independent Head Blocks, and the new and unequalled "Friction Feed," which gives the sawyer the most perfect control over his mill. These improvements, together with the unusual strength of its parts, beauty of design, and excellence of workmanship, are its recomendations.

SHAFTING ACCURATELY TURNED AND POLISHED, PULLIES TURNED AND BALANCED,

$8 00 PER HUNDRED POUNDS.

With Sellers' Patent Self-adjusting Hanger, Bearings, mounted on Ball and Socket Joint runs with much less than ordinary friction. $10,00 *per hundred pounds.*

WELLS'

CINCINNATI TYPE FOUNDRY,

Where we Manufacture not only the

TYPES,

BUT THE

PRESSES, CASES, GALLEYS,

STANDS, CHASES,

Composing Sticks, Rules, Cuts, &c.

STEREOTYPING, ELECTROTYPING,

WOOD TYPE, PRINTERS' INKS, &C.

And as we make a manufacturer's profit on all, we can, and will, sell a better outfit for less Cash, than any establishment which makes only half of what it sells; and ours is the only one in the Union, manufacturing all these articles.

J. J. BUTLER'S

EXCELSIOR FLUID INKS,

MERCANTILE, for general Purposes,
RECORD, for Ledgers and Records,
COPYING, for Letter Press,
CARMINE, of Brilliant Hue.

Celebrated for:—1st Intense Black Color (at first of a greenish hue.) 2d. Easy flow from the pen. 3d. Permanency, (will never fade by exposure.) 4th. Economy. (EXPLANATION.—These Inks can be satisfactorily used to the last drop. Other domestic Inks in a brief time grow too thick for use, and are only fit to be thrown away before half consumed.) The Carmine may be exposed to the action of the air without injury.

FACTS CONFIRMING THE ABOVE QUALITIES.

1st. These Writing Fluids are now in general use throughout the United States, with an increased demand. 2d. They have been analyzed by Dr. Chilton, the celebrated Chemist of New York City, and pronounced "equal in quality and durability to the best imported English Fluids."

Manufactured by J. J. BUTLER, Agent,

CRANE, BREED & CO.

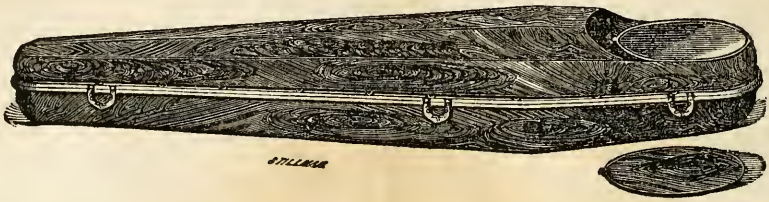
MANUFACTURERS OF

PATENT METALLIC

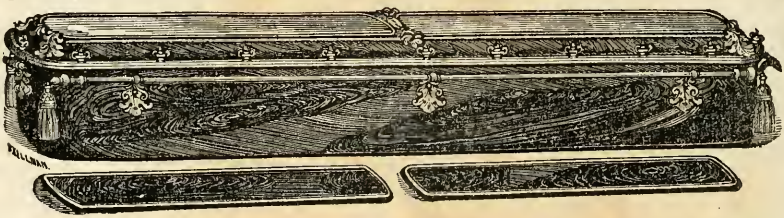
BURIAL CASES AND CASKETS, AND HEARSES,

OFFICE AND MANUFACTORY,

EIGHTH STREET, WEST OF FREEMAN STREET, CINCINNATI, O.



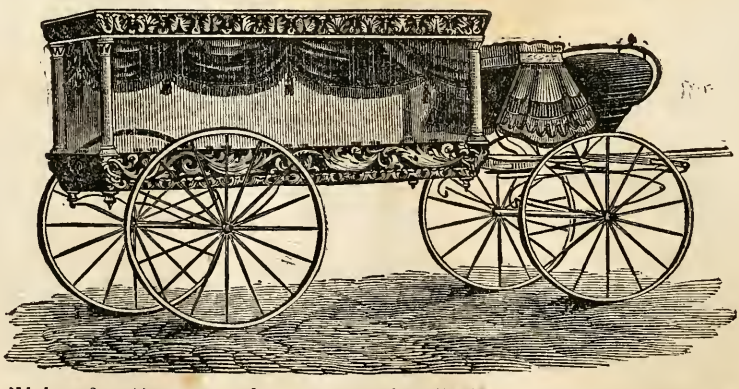
Under their present *improvements* these Burial Cases are entirely free from those revolting suggestions which have heretofore been connected with their name.



THE METALLIC BURIAL CASKET

Is entirely devoid of those unpleasant associations which usually accompany the form of a coffin. Heavy Polished Plate Glass extends nearly its whole length. With the elaborate Silver-Plated Mountings, as represented in the above engraving, it surpasses in elegance anything of the kind which has ever before been offered to the public.

These Burial Cases and Caskets are beautifully finished in imitation of the finest rosewood. Their *invaluable qualities* for *ordinary interment*, for *transportation*, and for *preservation*, are now universally acknowledged. They *protect* the remains of the departed from *water*, *vermin*, or other *intrusion*. *Future removal*, should it ever be desired, may be accomplished without inconvenience. A *delay* of *days* or *weeks*, awaiting the arrival of absent friends, is entirely practicable. When due attention is given to sealing, which may, with care, be accomplished by any one, (printed instructions accompanying each Case and Casket,) bodies may be carried to *any part of the globe at any season of the year*, with perfect safety. They are, moreover, a sure *safeguard* against *contagious diseases*. These advantages render them unequalled by anything which either in ancient or modern times has been invented for the reception of the human body after death.



Our facilities for the manufacture of HEARSES, of every style, and of the best qualities, are unequalled by any establishment in the country.

DODGE'S PATENT

IMPROVEMENT IN

GRATES AND STOVES.

IT PRODUCES DOUBLE THE HEAT WITH HALF THE FUEL.

It is simple, efficient, and practicable; saving fuel, radiating the heat into the room instead of allowing it to pass up the chimney; suppressing the cold draught of air through the room, to the fire, and is as good for Wood as for Coal.

Over 50,000 Persons are now using this Patent, with entire satisfaction.
All who value Economy, Comfort, or health, should adopt it at once.

Counting coal at 15 cents per bushel, this improvement will save its cost in one season, and afford such comfort as can not be produced by any other arrangement.

We have Circulars, giving the unqualified recommendations of many well known citizens, in nearly all the principal cities of the United States.

Address, JOHN B. RYAN & CO.,

Proprietors of Dodge's Patent,

RATES OF POSTAGE, ETC.

Letters in the United States, per ½ ounce (fractions same), not over 3000 miles, 3 cents, prepaid; over 3000 miles, 10. Letters dropped for delivery only, 1 cent. Advertised Letters, 1 cent extra. To or from the Provinces, not over 3000 miles from the line, 10 cents per half ounce, over 3000, 15 cents, prepaid or not.

Transient Newspapers, Periodicals, unsealed Circulars, or other articles of printed matter, not exceeding three ounces in weight, to any part of the United States, prepaid, 1 cent. Each additional ounce, or fraction of an ounce, prepaid, 1 cent.

Regular Newspapers or Periodicals, paid yearly or quarterly in advance, when circulated in the State where p.blished, not weighing over 1½ ounces, ¼ cent; over 1½ ounce and not over 3 ounces, ½ cent; every additional ounce or fraction, ½ cent. When circulated OUT OF THE STATE, all weighing 3 ounces or less, ½ cent, and each additional ounce or fraction, ½ cent.

Books bound or unbound, not weighing over 4 pounds, under 3000 miles, 1 cent per ounce, prepaid; over 3000 miles, 2 cents, prepaid.

Publishers of Newspapers and Periodicals, are allowed a free exchange of one copy, and may also send to each actual subscriber, enclosed in their publications, bills and receipts for the same, free.

All printed matter must be sent without cover, or in a cover open at the ends or sides. There must be no word or communication printed on the same after its publication, or upon the cover, except the name and address of the person to whom it is to be sent. There must be no paper, or other thing enclosed in or with such printed paper.

LETTERS TO OR FROM GREAT BRITAIN OR IRELAND.—Each ½ ounce, 20 cents; 5 cents extra for California or Oregon. Prepayment optional.

NEWSPAPERS.—Two cents each, payable in the United States.

PERIODICALS AND PAMPHLETS. Not over two ounces, 2 cents each, and 4 cents, an ounce or fraction of an ounce, if they exceed two ounces. No pamplet over 8 ounces, or Periodical over 16 ounces, can be sent unless for letter postage. Payable in the United States.

A CLOSED MAIL, consisting of Letters and Newspapers, for States and cities of the German-Austrian Postal Union, and Denmark, Norway, Sweden, Poland, Russia, Greece, Ionian Islands, etc.; is sent from the N. Y. office semi-weekly. By this conveyance, called the "PRUSSIAN CLOSED MAILS," the postage on Letters varies from 30 to 45 cents per half ounce. Newspapers, 6 cents each paid in full.

France and Algeria, by either United States, British or French packet, direct or through England, 15 cents the single letter of ¼ ounce or under—prepayment optional. Newspapers 2 cents each. Periodicals, pamphlets, etc., 1 cent an ounce or fraction of an ounce—prepayment required, being United States postage only.

Postage between the United States and Hamburg, 10 cents the single letter of ½ an ounce or under—prepayment optional. Newspapers three cents each, prepayment required.

Single rate letter postage to or from Bremen, by the Bremen line, 10 cents—prepayment optional. Newspapers each 3 cents. United States postage, prepayment required. Letters and Newspapers to other parts of the Continent may also go by this line, subject to various rates.

N. B.—All letters to and from foreign countries (the British North American Provinces excepted) are to be charged with single rates of postage, if not exceeding the weight of half an ounce; double rates if exceeding half an ounce, but not exceeding aa ounce; quadruple rates if exceeding an ounce, but not exceeding two ounces; and so on, charging two rates for every ounce or fractional part of an ounce over the first ounce. As this rule differs from that followed in respect to domestic letters, great care is requisite to prevent mistakes. By the French mails the single rate is reckoned on the ¼ ounce, each additional quarter ounce being an additional rate.

Mails for Mexico will be dispatched tri-monthly, by the New Orleans and Vera Cruz United States Steamship Line. United States letter postage 10 cents under 2,500, 20 cents over 2,500 miles from the mailing office—to be prepaid when sent from, and collected when received in the United States. Newspapers 2 cents each, to be collected in the United States as above.

Single rate letter postage to Havanna and the British West Indies, 10 cents under 2,500, and 20 cents over 2,500 miles; newspapers 2 cents; and to West Indies (not British,) Carthagena, Honduras, and St, Juan, (Nicaragua,) 34 cents under 2,500, and 44 cents over 2,500 miles. Newspapers, 6 cents each; pre-payment required.

GENERAL OBSERVATIONS.

All letter postage within the United States must be prepaid by stamps.

All transient printed matter must be prepaid by stamps.

The upper right hand corner of a letter is the most suitable place to put the stamp.

Parties should be particular in having legible directions, with as little flourishing as possible. The County and State should always be designated, as well as the Post Office.

Any writing whatever on printed matter, or the enclosure of a circular, handbill, or any other thing, whatever, subjects the same to letter postage.

A card printed on an envelope or wrapper of printed matter, subjects it to letter postage.

Stamps cut out of Post Office envelopes are not reckoned as postage when used on letters, etc.

Stamps cut in pieces are not received as postage.

The U. S. P. O. Dispatch stamps do not pay postage, but are for paying the conveyance of letters to the office, or the delivery of letters by carriers, within the city limits.

Letters for the carriers are delivered to them at 7½ A. M., and 12 M., at which time they take all for delivery in their respective districts.

Letters dropped in the carriers' boxes for city delivery, should have on *two* U. S. P. O. Dispatch stamps

Those to be mailed should have on one to pay the carrier for delivery at the Post Office—*besides* the regular postage

Persons wishing their letters delivered to them by the carriers, should hand into the Post Office a written direction to that effect; the charge for delivery is two cents

Persons changing their residence should notify, (in writing) the carriers of the change

Persons wishing their letters forwarded to another office, should hand in written directions to that effect; all verbal orders should be avoided.

Letters addressed to Postmasters on Post Office business, should be marked as such.

Letters uncalled for are advertised but *once*—on the Monday subsequent to their arrival at the office; German letters three times a week.

Persons applying for advertised letters should state that they are such, giving DATE and number of list.

All letters remaining in the office over three months are returned to the dead letter office at Washington, where they are examined; if containing any thing of value are returned to the writer at the office at which they were originally mailed.

Letters to be registered must be brought to the office by 5 P. M.

Letters for Great Britain, Germany, etc., may be registered on the payment of 5 cents in addition to the postage.

In applying tt the office for letters, care should be taken to apply at the proper windows, thus avoididg unnecessary trouble and eften misunderstanding.

The Box delivery is in the Main Hall of the Post Office Building. For the accommodation of those having Lock Boxes the Main Hall is open uneil 10 o'clock, P. M., and on Sundays till 12 M. The Box Delivery is closed from 9 to 10 A. M., for the distribution of the Eastern mail, and the General Delivery on Saturdays from 3 to 4 o'clock, P. M., to prepare the Letter List.

The Letter list is published every Sunday morning in the "Daily Enquirer."

The General delivery is in the west side of the building.

Ladies Boxes and delivery between the Main Hall and General delivery.

Gentlemen applying for ladies' letters should ask at the first window in the General Delivery, no one but females are waited on at the ladies' window.

All complaints, of whatever nature, should be made to the Postmaster or his Assistant. No controversy should be held with the clerks.

PENALTIES FOR VIOLATION OF P. O. LAW.

For obstructing or retarding the passage of the mail, or of any driver or carrier, or of any horse or carriage carrying the same, a fine of $100.

To rob a mail-carrier, imprisonment. Second conviction, death.

To obstruct the correspondence of another, or to pry into his business or secrets, or to secrete, embezzle, or destroy any letter or packet belonging to another, a fine not exceeding $500, and imprisonment not exceeding 12 months.

To counterfeit the handwriting of a Frank, $500.

Opening newspapers by a person not addressed or authorized. $20. Stealing newspapers, imprisonment.

Enclosing letter or memorandum, or *other thing* in any newspaper or other printed matter, or writing thereon, $5 for each offense.

To counterfeit postage stamps of the United States, or any other Government, imprisonment.

Any person carrying the mail to carry letters out of the mail, $50.

Owner of Stage, Railroad Car, Steamboat, or other vehicle, carrying letters or packets out of the mail, $100.

Sending letters or packets, (mailable matter,) by Express or other unlawful means, unless the same be enclosed in *stamped envelopes*, $50. N. B. A letter with a postage *stamp* merely can not be so sent.

Enclosing two or more letters directed to different persons in the same envelope, $10.

To use or attempt to use any postage stamps or stamped envelopes which have been used before, or to attempt to use the stamp of one envelope upon any other, $50.

Selling a postage stamy or stamped envelope by a postmaster, or other person, for any larger sums than that indicated on its face, $10 to $500.

J. H. DOTY, - - - Principal.

The College apartments are large and commodious, well ventilated, and elegantly furnished, making them the most desirable school rooms for Mercantile Instruction in this city or the West.

☞The Principal has published an important "Practical Method of Computing Interest," with almost electric rapidity, alike at any per cent, being universally conceded the simplest and briefest ever devised. All should have a copy. The "Method" is given to students gratis.

Many other Business Calculations are alike shorn of very much of the usual circumlocution and tedious unmeaning prolixity. These, with other valuable improvements and additions, recently made to the Regular Course of

DOUBLE ENTRY BOOK KEEPING, &C.

Together with Daily Lectures on the Science of Accounts, Mercantile Calculations, Customs of Merchants, Principles of Book Keeping and Penmanship, Commercial Law, Political Economy, Art of Detecting Counterfeit Money, &c., make the Course of Study more practical and complete than ever, all being so arranged as to enable the student to get the largest amount of information in the shortest possible time. The mode of teaching is peculiar to this Institution, and confessedly merits, what it fully receives, the suitable signet of superiority. Proficiency is our motto.

BOYS' COURSE OF STUDY.

A course of Mercantile Instruction, especially adapted to Masters and Lads, with a view of fitting them for Clerkships and Counting House Assistants, is now in readiness as introductory to the more extended course. Those quite young, thus matriculating for instruction, can avail themselves, gratis, of the Penmanship and Lectures given to Full Course Students. Rates for this Course, liberal.

For Terms, &c., call at the College, or address the Principal for Catalogue. By arranging for a Course of Study in the above College, you will never regret it. Competent Assistants in constant attendance with the Principal.

☞In confirmation of the true merit of the "Practical Method of computing Interest," above mentioned, read the following letters. Many others received from reliable sources, and of like import, are not here given, for want of space.

INDIANA ASBURY UNIVERSITY, Greencastle, Ind., March 6, 1861.

J. H. DOTY, Esq., Cincinnati, O.—DEAR SIR:—I have received and examined a copy of your "Practical Method of Computing Interest." It is, as you claim, accurate, comprehensive, brief, and simple, and certainly superior to the Rules and Tables generally in use. Yours respectfully, JOHN W. LOCKE, A. M., Prof. of Mathematics.

MIAMI UNIVERSITY, Oxford, O., March 18, 1861.

J. H. DOTY, Principal of Bacon's Mercantile College, Cincinnati, O.—DEAR SIR:—As to the excellence of the Method detailed in your Pamphlet, I give unhesitating assent. Very truly yours, R. H. McFARLAND, Prof. of Mathematics.

GEORGETOWN COLLEGE, KY., March 26, 1861.

J. H. DOTY, Principal of Bacon's Mercantile College, Cincinnati, O.—DEAR SIR:—I have, of recent years, examined many Methods of Computing Interest, but, I confess, yours to be the simplest and most succinct of them all.
Yours truly, REV. D. R. CAMPBELL, L. L. D., President.

☞ **Students enter at any time. No Vacations. Review at pleasure.**

RICHARD NELSON, PRINCIPAL AND PROPRIETOR.

Nelson's Mercantile Arithmetic.

An entirely original method of teaching the science of Arithmetic, saving two thirds of the student's time.

The Science of Arithmetic revolutionized. Rules superseded by Principles.

New and simple methods of Computation adopted.

Interest rendered more simple than Long Division and introduced before that rule.

Antiquated calculations under compound numbers discarded and

Numerous forms of Bills, Invoices, Account Sales, Accounts Current, etc., substituted.

Average applied to Accounts, Account Sales and Storage.

Calculations for Modern French Goods, prepared by a Dry Goods Merchant.

Abbreviated methods for making extensions mentally.

Rules of Measurement of the Cincinnati Builders, with Trade's Price Lists and Calculations for Carpenters and Bricklayers.

A section for Farmers and an article for Ladies. An article on laying and repairing Roads.

A method of giving the answers which prevents their being copied.

Mailed free for Fifty Cents in Stamps, Address,

RICHARD NELSON, Principal of Nelson's Commercial College.

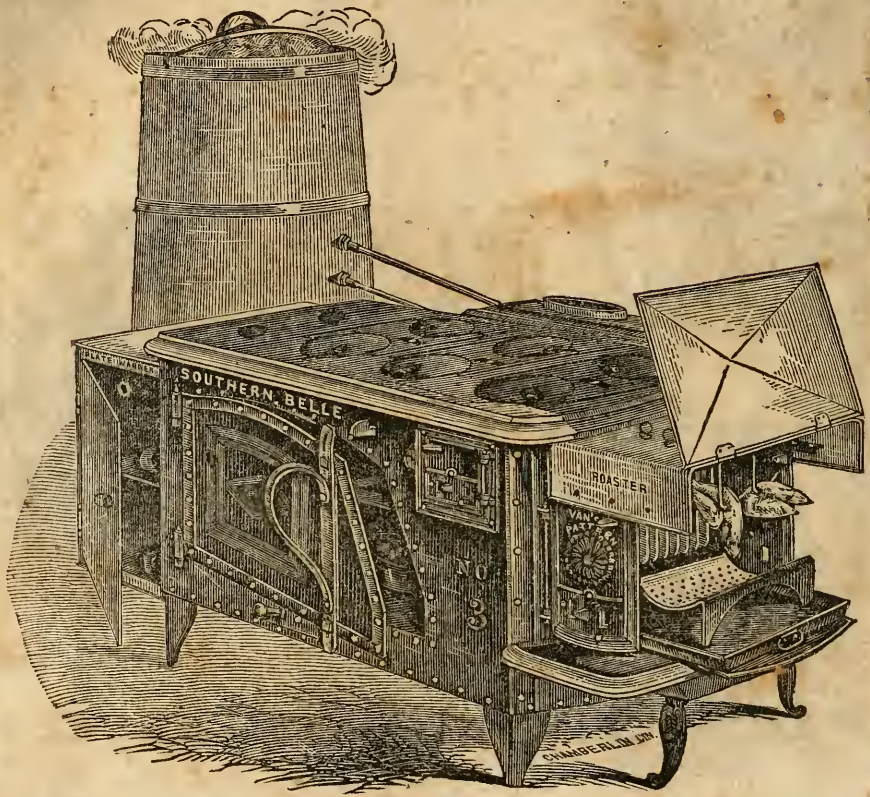
MANUFACTURERS OF VAN'S IMPROVED

WROUGHT IRON COOKING STOVES



17 Sizes, for Wood or Coal. With or without Steam Table, Hot Water Tank, &c. With Apparatus complete, is the most Convenient, Economical and Durable Stove ever Invented, for STEAMBOATS, HOTELS, RESTAURANTS, BOARDING AND PRIVATE HOUSES.

Van's Improved Wrought Iron Cooking Stoves,

Of which we manufacture seventeen different sizes, are the result of many years careful experiment and experience, and are confidently believed to be superior to any Cooking Stoves now in use. The wonderful advantages which they possess over all others, consists in the capacity of the flues; excellent draught, even distribution of the heat around the ovens; superiority o the cooking, which, united with the multiplicity of work they are capable of performing, renders them the most complete Stoves in their various combinations, that have ever been presented to the community. The unprecedented demand, and universal testimony in their favor, have encouraged the inventor, Mr. JOHN VAN, who personally superintends the manufacture of these Stoves, to still further efforts to make them a perfect article. The materials used, and the workmanship, are of the best quality; and we feel confident that the improvements recently made will cause them to be still greater favorites with the public.

WE ALSO MANUFACTURE VARIOUS SIZES OF CARVING TABLES,

Which are, without exception, the most useful piece of furniture ever invented for the Hotel Dining-room; to substantiate which fact, we can furnish abundant testimony from prominent Hotel-Keepers throughout the country.

Cooked Meats and Vegetables can be kept constantly hot, without undergoing any change or drying process, as is the case where chafing dishes are used. It is heated by attaching to the Stove or a separate Heater, which can be placed in the cellar, or where convenience may dictate The expense of heating is very trifling, not costing, where Stone and Charcoal are used, more than five or six cents per day.

Our PORTABLE BROILER costs less and consumes less coal than ordinary broilers. It is gotten up in the most substantial manner. The top is made of wrought iron, with a sliding door in front, which, when closed, forces all the smoke and disagreeable odor from broiling meats, into the flue or chimney. We manufacture three sizes.

We also manufacture five sizes of LAUNDRY STOVES, with Water Attachment, and suitable for Private or Public Laundries of the largest class. Also, all kinds of Copper and Sheet-Iron Work to order.
